# STONE SAYS PREPARE TO TAKE OFFENSIVE

Merely Defensive Forces Not Enough, Declares Chairman of Foreign Relations Committee.

Washington, Nov. 12.—"I go further than most advocates of national preparedness who say the nation should be equipped to defend itself against attack; I want this country prepared to take the offensive when it may be necessary," declared Senator Stone, Democrat, of Missouri, chairman of the foreign relations committee, who returned to the capital yesterday for the 64th Congress. "I speak particularly for the navy," the senator continued. "I want a navy powerful enough not only to defend our coasts but strong enough to go out on the high seas, for there might come a time when offensive action would be required. A navy strong enough for offensive is a mighty guarantee against attack by other nations."

# Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning. We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach. The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast, and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.—Adv.

# TO CALL IN REPUBLICANS

President Wilson Is to Consult Them on Defense Plan

# HOPES THEY WILL SUPPORT HIM

No Definite Conference Arrangements Yet Made

Washington, Nov. 12.—Republicans in Congress will be consulted by President Wilson on the administration plans for national defense before the opening of the coming session. In line with this announcement in his Manhattan club speech in New York last week, the president will appeal to men of all parties for legislation to strengthen the army and navy. Officials yesterday took the view that the president is hopeful that his plans will receive the support of Republicans and thus overcome the opposition of some Democrats, led by former Secretary Bryan. No definite arrangements for conferences between the president and Republican leaders have been made, but the question will be taken up as soon as members of the Senate and House begin arriving in Washington. The ranking Republican members of the Senate and House military and naval committees and other Republican leaders probably will be called in. The president has already received messages from a number of Republicans outside of Congress approving his defense plans.

# BOOZE WAGON AND WATER WAGON

The Backers of Both Are Confident of Victory in Nation-Wide Battle.

Washington, Nov. 12.—Is the express company's little red-wheeled wagon to supplant the saloon as the nation's bartender? Where states have gone dry the wets concentrate their wares and forces in the nearest wet center, say the dries. Wet leaders will not admit it. On the Pacific coast, Washington and Oregon have gone dry, and British Columbia has prohibition as an issue, and the wets are moving their plants to California. "Oregon and Washington will have just as much liquor, but it will be manufactured outside their states," is the wets' belief. Just a little north of dry Colorado the wets are constructing large warehouses and shipping centers, chief of which is to be in Cheyenne, Wyo. Idaho, also dry, likely will be served from there, too. "Their plan will be a success for a time, perhaps," said E. C. Dinwiddie, national legislative superintendent for the Anti-Saloon league. "In certain sections they may withstand the dry wave for a while. When the Webb-Kenyon bill gets into smooth operation, however; when its constitutionality has been tested, everywhere and its loop-holes plugged up, it will be good night for the little red express wagon with the red-eye aboard. "If the wets want any vehicle at all they'll have to take the water wagon." "Facts show," said Hugh F. Harvey, national legislative leader for the wets, that where the saloon goes out, other means of distributing liquor come in. But this nation isn't going dry so fast as you might imagine. "Many states that go dry have been largely dry for many years under local option. And then perhaps the dries remember a little election up in Minnesota." "I wouldn't say quite yet that it's time to hunt up a substitute for the saloon. But at that, the express plan sounds feasible. It probably will serve until the tide turns in the other direction."

# COMB SAGE TEA IN LIFELESS, GRAY HAIR

If Mixed With Sulphur, It Darkens So Naturally Nobody Can Tell

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of sage tea and sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 20 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair. A well-known downtown druggist says everybody uses "Wyeth's Sage and Sulphur," because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Adv.

# ANTI-KAMNIA TABLETS FOR ALL PAIN

"The efficiency of any drug" says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all disease is pain, and this is what the patient most often applies to us for, i. e., something to relieve his pain. If we can arrest this promptly, the patient is most liable to trust in us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is Anti-Kamnia Tablets. Many and varied are their uses. I have put them to test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine, Anti-Kamnia Tablets are also excellent for the headaches from improper digestion; also for headaches of a neuralgic origin, and especially for women's headaches at certain times. Two Anti-Kamnia Tablets give prompt relief, and in a short time the patient is able to go about as usual. These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also undecorated for headaches, neuralgia and all pains."

# GREY VINDICATES LORD HALDANE

British Foreign Secretary Says Resignation of Former War Secretary Was Loss to Public Service.

London, Nov. 12.—Sir Edward Grey, the British foreign secretary, told the House of Commons yesterday afternoon, that he himself had expressed a desire to resign at the time Viscount Haldane left the cabinet. "But for a crisis in the public affairs, I would have done so," said the foreign secretary. Sir Edward declared he regarded Lord Haldane's resignation as a loss to the public service. He said he regretted there had been no opportunity to utilize Viscount Haldane's services in the foreign office. When the new coalition cabinet was formed last May, Viscount Haldane was succeeded as lord high chancellor by Baron Buckmaster of Cheddington. Premier Asquith, answering a similar question, also paid a word of tribute to Viscount Haldane, saying: "He rendered an inestimable service when in the war office."

Replying to a request to lay the papers on the table respecting the Antwerp expedition, Premier Asquith declined while the war was in progress. He added: "Mr. Churchill (formerly first lord of the admiralty) may treat with indifference the allegations against him. He has a good record and will be amply justified when the full story is told."

# YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save Your Hair! Make It Thick, Wavy, Glossy and Beautiful at Once

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair, and your scalp will not itch; but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.—Adv.

# BATTS TALKS TO MELLER

# KEPT JOY LINE ACQUISITION QUIET

As New Haven Didn't Care to Figure as "Running a Second-Class Line"

New York, Nov. 12.—Attorneys for the government in the trial of the 11 former directors of the New York, New Haven & Hartford Railroad company under the Sherman anti-trust law, gained from Charles S. Mellen, at the resumption of the trial yesterday, a statement that the United States Transportation company was organized by the New Haven with a view of meeting the competition of the Enterprise Steamboat company. The government for several days has been seeking to prove that this company was driven out of business by the New Haven.

"Was the United States Transportation company organized by the New Haven for the purpose of meeting and destroying the competition of the Enterprise line?" asked R. L. Batts, for the government. "It was with a view of meeting its competition," answered the witness. Mr. Batts wanted to know if the organization of the United States Transportation company was not kept a secret from the public.

"We never advertised the character of any transportation property we owned, but we reported to the proper boards the exact facts," said the witness. "I think the ownership of this company was not known at first, but it became known later."

Attorneys for the defense objected to the prosecution's next question: "State whether or not all the facts upon which you recommended the acquisition of new transportation lines, trolleys and railroads were laid before the board of directors—were the reasons which influenced you communicated to them?" This the defendant's attorneys protested was too general. They demanded the citation of specific instances.

Judge Hunt ruled against them, however, and Mr. Mellen answered: "They were, in every instance that I can recall."

# IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Both.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink, which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in evening kidney trouble while it is only trouble.—Adv.
